XL

BOX

BIG WAS NEVER SO EASY

Cavalor® XL-BOX is a solid octagonal cardboard box with a resealable lid and a wall thickness of 14.6 mm.

Who is it for

Ideal for a medium (Starting from 3 horses: 2.5 kg / day) to large stable

Nothing but advantages for the stable

- Convenient use:
 - only 1 **XL-BOX** instead of approx. 25 bags
 - cheaper than placing silos for all specialties
 - 1 pallet space = 1 **XL-BOX**
- Ideal for horses with special needs that cannot eat silage
- Price advantage compared to bagged goods
- Solid and easy to use:
 - a large box with a resealable lid
- Better protection against rodents
- Recyclable

TOP HORSE FEED in

The Cavalor® **XL-BOX** is 151 cm high, 120 cm wide and 90 cm deep.

These dimensions make it possible to fit the **XL-BOX** on a Euro pallet and place and move it anywhere easily.

When you make an incision in the **XL-BOX**, you can easily reach the feed.

Depending on the type of product, the **XL-BOX** can hold up to 700 kg of product.

The Cavalor® **XL-Box** offers many advantages to suppliers

- Less handling because of easy delivery by a pallet truck
- Practical delivery compared to Big Bags
- Constant weight per product
- Better competitive margin
- Available for the best rotating products
- Potential for attracting new customers

a convenient **XL-BOX**

XL BOX

BIG WAS NEVER SO EASY
