

## URGENT CARE PASTE

### 1. Description

---

- Brown/beige paste

### 2. Intended use

---

Cavalor® Emergency 911 is a fast-acting and easily digestible supplement meant for the urgent treatment of colic symptoms, and support of the internal system during transport.

Cavalor® Emergency 911 helps prevent colic by supporting the intestinal micro flora, and the digestive system of horses with chronic gut issues.

Cavalor® Emergency 911 contains prebiotics, beneficial for strengthening the good bacteria in the internal tract.

Cavalor® Emergency 911 contains:

- Organic yeast extract rich in: glucomannans (GM) and mannanoligosaccharides (MOS), to bind mycotoxines and help prevent damage to the gut. . Yeast also helps block the colonization of pathogens.
- B vitamins to stimulate A immunoglobulins and beneficial bacterial growth (e.g. Bifidobacteria). Stimulates gut health proper digestive function and helps fight off bad bacteria.
- Enzymes from *Aspergillus oryzae* break down proteins and starches and normalize the digestion.
