

COMPLEMENTARY FEED FOR HORSES TO FULFILL THE INCREASED NEED FOR NUTRIENTS OF THE LOCOMOTOR SYSTEM IN SPORT HORSES THAT ENGAGE IN HEAVY EFFORTS.

1. Description

- Yellow/orange powder

2. Intended use

For horses suffering from painful and sensitive joints.

- Provides the needed nutrients for joints and synovia
- Has a strong anti-inflammatory effect
- Makes the blood thinner to enhance the transport of nutrients in the very small blood vessels to the joint
- Stimulates the body resistance to fight against auto-immune reactions

3. Directions of use

Mix through the daily ration for minimum 4 weeks.

- Ponies: 30g/day
- Horses: 45g/day
- Maximum per horse: 90g/day

4. Product Features

- Hydrolysed collagen (obtained from porcine cartilage): is the basis for articular cartilage and hyaline cartilage. It makes up 50% of all protein in cartilage and 85-90% of collagen of articular cartilage. Hydrolysed collagen provides strength to the joint tissue.

- MSM: Organic form of Sulphur. Sulphur is important for muscles, joints, cartilage, bones and the blood; MSM is the best absorbable and biologically available source of sulphur. MSM is known to prohibit inflammatory effects.
- Glucosamine, chondroitin sulphate, Hyaluronic acid: Glycosaminoglycans are an important building block of ligaments, tendons, bones and synovia (synovial fluid).
- Omega 3 and 6 fatty acids: Precursor for prostaglandines 1 and 3 which have an anti-inflammatory influence.
- WPI: (whey protein isolate) A glutation precursor. Glutation is a very powerful anti-oxidant. Pure Glutation cannot be absorbed orally. Cavalor uses a nutrient complex called WPI that stimulates the production of Glutation in the body. Glutation protects the cells against destruction caused by increased free radicals attack. Glutation together with other anti-oxidants such as vitamin C, E, Bioflavonoiden and Se neutralize these free radicals.
- Organic minerals: Have a better bioavailability.
- Herb Mix: Specialized herb mixture, composed based on scientific literature. This herbs have a synergic effect.

5. Analysis

Crude Protein	31.5%
Crude Fat	4 %
Crude Ash	19%
Crude Fibre	3.5%
Calcium	2.7%
Phosphor	0.6%
Vitamin C	20 000 mg/kg
Vitamin B6	400 mg/kg
Vitamin B12	4 mg/kg
Folic Acid	450 mg/kg
Vitamin E	4 000 mg/kg
Zinc	5 500 mg/kg
Manganese	5 500 mg/kg
Copper	1 209 mg/kg

6. Storage & Packaging

- Pail 2kg, Pail 5 kg, Box 900g (60*15g)
- Keep dry and at mediate temperatures
- Use until 3 years after production date
