

## COMPLEMENTARY FEED FOR HORSES

### 1. Description

---

- Brow pellets

### 2. Intended use

---

CAVALOR HOOF AID SPECIAL is developed to improve the quality of the hoof. Because some horses have very bad hoof quality, they need much more than only a mixture of some vitamins such as Biotin. For these horses, Cavalor developed a special high quality mixture that restores the quality of the hoof

### 3. Directions of use

---

Dosage per animal per day:

- Pony: 50g
- Horses: 150g
- Maximum per horse: 420g/day

The best result show after 4 – 6 weeks.

### 4. Product Features

---

- Vitamins: Biotin and much more: To improve hoof quality and growth
- Organic trace elements: These are minerals that are bonded to amino acids. The major action of chelated minerals can be attributed to their increased availability and ability to target specific tissues and systems within the body following absorption.
- Amino acids: Lysin and methionin.
- MSM: sulphur source. Works together with methionin. Contains Keratin.

## 5. Analysis

Crude Protein	15%
Crude Fat	5%
Crude Ash	5.5%
Crude Fibre	2.6%
Phosphorus	0.55%
Calcium	0.45%
Biotin	500 mg/kg
Vitamin C	37 800 mg/kg
Copper	465 mg/kg
Zinc	1 235 mg/kg

## 6. Storage & Packaging

- Pail 5kg , bags 25 kg
- Keep dry and at mediate temperatures
- Use until 2 years after production date
